

Little Green Steps WA & Australian Association for Environmental Education (WA Chapter)

presents:

Planning for Sustainability in the Early Years Setting

Saturday 17 October 2020,
10:00am - 12:30pm

Canning River Eco Education Centre
cnr Kent St & Queens Park Rd, Wilson, WA 6107

This NEW workshop from Little Green Steps WA will provide EY Teachers, Service Directors and Sustainability Coordinators with a step by step framework for creating a Sustainability Actions Plan for their setting. We will share tips for getting started, sustainable actions to plan for and information on what ECRU is seeking to observe in your sustainable practices. Best practice models will also be viewed. The highlight will be a guided action planning session using LGSWA Sustainable audit sheets.

Workshop Includes:

- Ideas and inspiration for involving children in practical activities and routines
- Links with the EYLF and NQS
- Planning tips
- A chance to connect with other early years professionals and share ideas.
