

CITY OF
CANNING

Little Green Steps WA & Australian Association for Environmental Education (WA Chapter)

presents:

Healthy Choices, Healthy Environment: Sustainable, air, energy, transport

Saturday 6 November 2021,
10.00 am – 12.30 pm

Nido Early School,
1 Cameron Court, Willetton

Join Little Green Steps WA for fun, practical ways to reduce pollution, save money and stay healthy! In this workshop we will learn about ways to promote air quality, provide active transport options and save energy... educators will also learn ways to audit your business and active transport options, how to audit your business and understand your energy bills.

Workshop Includes:

- Ideas and inspiration for involving children in practical activities and routines
- Links between energy, air and transport and the EYLF and NQS
- Real life examples and information about how to save money
- A chance to connect with other early years professionals and share ideas.

This workshop is **subsidised** for services within the City of Canning. A fee of \$20 applies to non City services.

"Wonderful learning experience"

"Thank you for getting me motivated!"
