At this event

Learn how culture and identity can affect our actions, values and cultural conversations and explore aspects and activities that can make Noongar cultural connections real. Consider ways to make your service socially diverse and culturally appropriate and build relationships with children from Aboriginal, TSI and multicultural families.

Bring your questions

Gail Barrow from Ngarlark Katitjen will take us on a learning journey, sharing knowledge and ideas, in a jam-packed interactive session, so bring along those questions you have always wanted to ask.
